EDUCATION

Bachelor of Science
North South University

01/2020 - 12/2024   *Dhaka, Bangladesh*

BSc in

- Computer Science and Engineering

Higher Secondary Certificate
Sherpur Govt. College

04/2017 - 04/2019   *Sherpur, Mymensingh, Bangladesh*

Courses

- Science

Secondary School Certificate
Imambari High School

01/2015 - 01/2017   *Sherpur, Mymensingh, Bangladesh*

Courses

- Science

WORK EXPERIENCE

Fresh Undergraduate Student
Experience

Achivements/Tasks

- Planned and completed group projects, working smoothly with others.
- Prioritized and organized tasks to efficiently accomplish service goals.
- Maintained open communication with team members, resulting in successful project outcomes.
- Worked successfully with a diverse coworker to accomplish goals and address issues related to our products and services.

LANGUAGES

English
Professional Working Proficiency

Bengali
Native or Bilingual Proficiency

INTERESTS

Machine Learning | Coding | Writing Blogs

Reading Books | Gardening

SKILLS

Machine Learning | Artificial Intelligence

Web Development | System Design

Software Development | Coding

Proficient in HTML | Teamwork & Collaboration

MS Office | Project Management

PERSONAL PROJECTS

Tsunami Prediction from seismic Data using Machine Learning (12/2023 - 01/2024)
- It is a web application that utilizes **Machine learning** to predict potential tsunamis based on seismic data.

Machine Learning-Based Plagiarism System (11/2023 - 05/2024)
- This was my undergraduate final year project, a machine learning-based plagiarism detection web application named **Plagiasure AI**.

Gossiper-An E2E Android Chatting Application (06/2023 - 09/2023)
- In this application, we add an extra security system like **fingerprints** so that if anyone hacks your account, he or she can't access your messages without your authentication.

DATANET-An ISP Management Website (01/2022 - 04/2022)
- This website helps customers connect with service providers. Customer can give their internet bill, if customers want a new connection, they can register for a new line. Here, they can select which package they want. In this project, we also add an Employee Log-in System, where they can marge all **billing-related** work.

Link Shortener Web App (11/2023 - 01/2024)
- It is a web application that Shorts the Large like like Google drive and converts it in **short URL**

CERTIFICATES

Supervised Machine Learning: Regression and Classification. (06/2023 - 07/2023)
Coursera

INTRODUCTION TO MATLAB (06/2021 - 06/2021)
IEEE NSU PES Student Branch Chapter
